BOOKING, DELIVERY AND PAYMENT

3. Booking and deposit

A website request holds the selected time for up to 48 hours, or until the session starts if sooner. The booking is confirmed after BetzsBest verifies the venue and the 40% deposit. The client must review this agreement before paying and sign it before the shoot. PayPal payments are checked manually. If BetzsBest cannot accept the venue or booking, or changes material terms after deposit so the client declines to sign, BetzsBest will refund payments received and release the time. If the client reviewed these same terms before deposit but later declines to sign, the cancellation rule in section 8 applies. Any eligible refund will be initiated to the original payment method within seven calendar days.

Deposit paid $_____ on _____ via _____ | Booking confirmed on _____

4. Editing, previews, balance and corrections

BetzsBest will make edited **watermarked previews** available no later than 14 calendar days after the session unless the client selects the rush option below. Editing means selection, exposure/color correction, cropping, and ordinary retouching; extensive body alteration, composites, or a new style are not included. The preview gallery is for private review. The remaining balance is due **within 24 hours after an accessible preview link is sent** to the client's listed email. If the link fails, the clock starts when access is restored. If the client reports a specific missing-count or technical defect within that 24 hours, the disputed portion is paused while BetzsBest checks and corrects it; undisputed amounts remain payable. Clean final files are released after full payment. The client may request one round of reasonable technical corrections within seven calendar days of final delivery.

There are **no automatic nonpayment fines**. If payment remains unpaid, BetzsBest may withhold clean final files, send an invoice or reminder, and seek only the unpaid amount and remedies permitted by applicable law.

5. Deliverable counts and missed deadlines

Package counts are minimum-to-target ranges for a completed session with ordinary access and participation. For team coverage, BetzsBest will make reasonable efforts to photograph participating players visible from permitted positions; an image of every individual is not guaranteed. If BetzsBest's own avoidable error causes fewer than the package minimum, the client may choose a no-charge reshoot at a mutually available time or a refund equal to the missing share of the package minimum times the package price, capped at that price. If no preview is delivered by the standard deadline, the client may give written notice and a seven-day chance to deliver; if still not delivered, the client may cancel and receive a full refund of session payments. Safety, venue, weather, or participant interruptions are handled under section 8.

6. Optional fast edited-preview delivery

[ ] Add fast delivery for $30. [ ] Do not add it.

If selected before the shoot, all included edited watermarked previews will be available within 48 consecutive hours after the session ends when the agreed edited-photo count is fewer than 300, or within 72 consecutive hours when the count is 300 or more. The count is for the included edited photos, not every raw frame taken. The $30 charge is due with the remaining balance; clean finals still follow full payment. If BetzsBest misses the applicable deadline for a reason within its control, the $30 charge is removed from the balance (or refunded if already paid) and the client receives an additional $20 refund or credit. Total benefit: $50. If the client delays required access or information, the parties will agree to a new deadline in writing or cancel the add-on without charge.

TIMING, CANCELLATION AND PHOTO USE

7. Late arrival

If the client is late, $5 is added for each **completed** 10-minute period BetzsBest waits after the written start time, capped at the package price. The session may still end at the written end time. If BetzsBest is late, the client receives the same $5 for each completed 10-minute period as a price reduction, capped at the package price, and any excess over the balance is refunded. Waiting ends when the late party is ready to begin. No waiting charge applies if the session is cancelled or a no-show under section 8, or when the delay is solely caused by the venue, weather, or another third party.

8. Cancellation, no-show, venue and weather

The client may cancel through the private website link or by contacting BetzsBest. If cancellation is received at least 48 hours before the written start time, the 40% deposit is refundable. If received less than 48 hours before, BetzsBest keeps the deposit but does not charge the unpaid session balance for work not performed. If the client does not appear before the written session end, that is a no-show under the same late-cancellation rule; no separate waiting charge applies. If BetzsBest cancels, all session payments are refunded unless both sides agree in writing to reschedule. If weather, safety, a cancelled game, or venue restrictions prevent the session, the parties may agree to a new date; if they cannot, payments for the unperformed session are refunded. Refunds are initiated within seven calendar days to the original payment method. PayPal processing may take additional time.

9. Photo previews, license and portfolio

Watermarked previews may be viewed privately but may not be posted, shared publicly, sold, or altered to remove or hide the watermark. BetzsBest may request removal of an unauthorized posting and may pursue proven losses or other remedies available under law; no preset $500 charge applies. After full payment, the client receives a nonexclusive license to print and share clean final files for personal use and noncommercial team or school channels. Paid advertising, sponsor use, resale, and transfer to a third party require separate written permission. BetzsBest retains copyright unless a separate written transfer is signed. This agreement does **not** grant BetzsBest permission to use anyone's likeness in advertising; each person (or their parent/guardian if a minor) must separately sign the optional individual portfolio release before such use.

10. Privacy and communication

Booking name, contact details, session details, and venue are used to manage the session, prevent conflicts, put it on the iCloud Work calendar, and send booking communication. BetzsBest does not sell booking information or use it for advertising. Hosting/storage providers, Apple iCloud, Resend, and a generic ntfy owner alert support these functions; PayPal separately handles payments. Essential browser storage may be used. Automatic 90-day deletion of website booking records is **not currently running**; clients may request correction or deletion at Betzsbest1@gmail.com, subject to records retained by email or payment providers. See betzsbestphotos.com/privacy for the current notice.

11. Written changes and applicable law

Changes to the selected package, price, travel, time, venue, or deadlines require written agreement by both parties. The state where the session takes place governs this agreement except where mandatory consumer law requires otherwise. If a term is unenforceable, the rest remains effective if the essential exchange can still be carried out. This signed agreement and the completed booking details describe the session; later website changes do not change it.

REVIEW AND SIGN

12. Signatures

The parties have reviewed the completed shoot details and all pages of this agreement. Each person signing for a minor identifies their role below. Do not sign with the package, price, date, time, venue, or rush choice blank. Each signer should receive a copy after signing.

Package and online-signing supplement

Effective October 30, 2026. This page is part of the four-page Photography Session Agreement dated October 5, 2026. Keep all five pages together. Where this page adds to or conflicts with the earlier package list or paper-signature instructions, this page controls.

Additional package details

Prom Pictures: Two hours, $150, with 20 fully edited prom portraits and candid photos. This package has the same 40% deposit, cancellation, preview, balance, and photo-use terms as the other regular photoshoot packages.

Athlete portraits with more than one person: The $150 base price covers one person. Each additional person adds $50, with up to eight people through online booking. Each person receives two edited headshots and five edited full-body photos. One extra outfit change is included for the session. The 40% deposit is calculated on the full group package price after any verified discount.

Mini sessions: The separate Mini Session Agreement applies. Its $100 cash-at-shoot price and 74-hour delivery terms replace this regular agreement for mini sessions.

Online client signatures

A client may choose an electronic signature on the website instead of a handwritten client signature. The site separately asks for consent to sign electronically, the signer's role, typed legal name, and agreement to these terms. It records the signature time and this version of the agreement with the booking. The client can retain the agreement PDF and confirmation email.

For an online signature, the attached booking record supplies the selected package, client identity, shoot date and time, quoted package price, and the client's proposed venue. This electronic booking record is the completed detail sheet for the client's signature; the blank lines in the printable copy are for handwritten use. This exception to the paper-form instruction on page 4 applies only to the electronic booking record.

The photographer must verify the Virginia venue and any deposit, confirm the final price, travel cost, rush option, and other material details with the client in writing, and sign the completed agreement before photography begins. A changed material term requires the client's new written approval. The client's online signature does not by itself confirm an unapproved venue, add a travel charge or rush service, or replace the photographer's signature. The existing refund and cancellation terms still apply.

In-person signatures

A client who chooses to sign in person reviews the same agreement and this supplement before the shoot. Both parties complete all applicable blanks and sign the paper copy before photography begins. BetzsBest keeps a private copy with the booking and gives the client a copy.
